

Premium Audio Conferencing Services

Universally simple audio conferencing

Select high touch or low touch

Meetings via conference call should provide the same professional experience that participants expect in person. But not all calls require the same level of hands-on involvement. That's why ACT offers tiers of audio conferencing services that are easy to access and simple to use.

Mix and match? Not only allowed but preferred!

ACT's premium audio conferencing services allow you to mix and match features and functions to achieve your meeting objectives. Standard and add-on features include the following:

- *Before a conference:* Planning, registration, RSVPs, testing, participant screening/information capture, pre-recording
- *During a conference:* Continuous presence for quality monitoring and troubleshooting, moderation of question-and-answer session, real-time interpretation, direct communication lines
- *After a conference:* Participant list, transcription/translation, recording/digital replay, reports

Be vocal, stay local

Save your speech for the presentation, because you may be speechless when you see how smoothly an ACT-powered meeting goes. Our follow-the-sun service methodology provides a 24x7 customer service experience, simplified administration and a high-quality event anywhere in the world.

Be the one who adds pizzazz with webcasting
